The group of trees under G11 in TPO 301 are - 3 x Ash Trees and 1 x Maple (from left to right when viewing from the bungalow). The trees are located on the boundary of the property and the roots are set in limestone from the old

quarry. The garden level is approximately 1m lower than the base of the 3 x Ash Trees. The boundary wall separates the property from a public footpath and a road (A60 and Lindrick Road). Ash Tree 1 (furthest left) - Has some dead within the crown including the top 2m of the main stem. This dead is to be removed. There is a larger limb which heads over the footpath towards the road. This is a considerable limb and in poor weather there it's significant movement. This is at risk and poses the risk of injury to public. It is proposed to reduce the weight of the limb by approximately half. The areas disputed are the green/open spaces of the two primary schools and Tickhill Town Council will engage the services of the Planning Consultant.

RESOLVED: That the update be noted.

152.25a PAVILLION An update was received that the builders have now taken delivery of the windows and delivery of the fire doors is imminent. Decorating will commence during the half term holiday when the pavilion is not in heavy use and work to replace doors and windows should be confirmed around the hirers. The builders tried to match the existing locks, but this was not cost effective so new locks will be required or the existing locks repurposed in the new doors where possible.

RESOLVED That the update be noted

153.25 CAR PARK: Land Registry have not accepted the registration of the land to City Of Doncaster

Council was an error so CDC to dispose of its interest in the land to Tickhill Town Council and CDC Estates Group have raised a Heads of Terms which was circulated to full council. CDC to confirm internal approval for the transfer of land and as the value is under £25k this should take no more than a day or so to conclude. CDC legal team will then be instructed to prepare the documentation to send to TTC solicitors which will cause further delays. As rates have been paid to CDC for the land, Tickhill Town Council to request consideration towards maintenance from CDC.

RESOLVED That the update be noted

154.25 LAND OFF PADDOCKS Registration has been submitted and approval for it to be expedited has been approved, there is a new title number associated resulting in duplication, so it now needs to go back to Land Registry. TTC solicitor is waiting for confirmation on several points raised in order to provide an amended document for consideration. CDC have requested part of the land to be fenced off but not specified where, the land should be kept litter free at all times. the £1 consideration is not thought to be an issue.

RESOLVED that the update be noted

155.25 EVENTS

155.25a VE DAY 80th May 2025 – BEACONS & LAMPLIGHTS OF PEACE: In his absence Cllr Cooper sent the following update. He has contacted both primary schools to find out if they have any plans for VE day the council could support. He attended the Tickhill Together meeting who are not planning an event but happy to support plans put in place by TTC. Poppies for Tickhill will be decorating parts of the town with their displays. Cllr Cooper has organised a town crier 8:45am, the Union flag (or VE Day Flag should we order one) will be raised at 9am, several 1940s vehicles and sandbags have been arranged to be placed in locations in the centre of Tickhill (exact locations TBC). A Winston Churchill and lookalike characters in 1940s dress have been booked to do a walkaround. The Church bells will be rung at 6:30pm, and the beacon to be lit at 9:30pm. A choir will join the council on the Buttercross to sing the hymn "I Vow To Thee My Country" and the Clerk has contact Maltby Colliery Band to play or provide a bugler for the last post. Cllrs Cooper and Patel will facilitate the lighting of the beacon. The event is expected to be a zero-cost event, although there may be a small contribution for the brass band.

RESOLVED That the update be noted

156.25 AWARDS & MEETING THE NEEDS OF THE YOUNGER COMMUNITY: An update was received from Cllr Patel; he is continuing market research and has now met with Y6 pupils from St Marys who were asked the same questions as the Y6 pupils at Estfeld with the same responses. 50% of Y6 pupils live outside Tickhill and don't meet in person to socialise. The differences they would like to see would be bollards on the walkway in the car park as they don't feel safe walking to school. Things that would stop them coming to a social safe space/youth club would be a clash with other clubs and events they already attend. They would like to see a weekly event with arts and crafts and a space to feel safe and help with anxiety. They would be happy with no phones. Spoke to Scouts, waiting for a response. The next steps would be to hold one or two evenings for members of the wider community including parents and teenagers for a milk shake and chat to see if there is the appetite for this and discuss frequency and content. Plan to publicise these with flyers given out at

school bus stops during pick up times.

RESOLVED: That the update be noted

157.25 INSTALLATION OF DUCK FEEDERS AT THE MILL DAM: There were no updates

RESOLVED: To note there were no updates

158.25 ENVIRONMENT

RESOLVED Clerk to look into suppliers and obtain quotes

158.25b Community Speed Watch: To receive updates

RESOLVED To note there were no updates

158.25c Charging points. To receive updates on usage.

RESOLVED To note there were no updates

158.25d Active Route Travel. To consider the route in principle without sight of final plans. A

discussion was held regarding the suitability of Wilsic Road as a proposed safe leisure route between Tickhill and Wadworth. It was also noted that there were no safe leisure routes or footpaths to link Tickhill to Bawtry, Harworth or Rossington and money could be better spent maintaining existing footpaths. It was agreed that Wilsic Road was not the best route, and the council would not be comfortable with it being completely blocked off to all vehicles, however as it is currently not suitable for two-way traffic and is better than nothing, the council would be cautiously in favour subject to sight of detailed plans.

RESOLVED That the council request detailed plans

159.25 COMMUNITY DEFIBRILLATORS A discussion was held on the best way to support keeping the current defibrillators in active service. The budget for 2025/2026 has been approved and given the spend required and number of defibrillators, there are no funds to facilitate this. However, the grant budget has been increased so some of this could potentially be utilised then a budget line considered for 2026/2027. The council suggested all the defibrillators should be registered and that any community funding raised should focus on maintaining the existing ones rather than purchasing additional defibrillators that cannot be maintained. There was also a discussion as to the whereabouts of the mobile unit held by Tickhill & District Lions, training on how to use the defibrillators and instigating a list of up to date registered first aiders/responders.

RESOLVED that the clerk communicate with the person responsible for the community defibrillators, look into first aiders and locate the mobile unit.

160.25 FLAG FLYING DATES: There are no flag flying dates. Cllr Johnson requested the Buttercross be lit purple for the Holocaust Memorial Day on 27th January. Residents are encouraged to light a candle in a window if it is safe to do so or display a battery candle and TTC to raise awareness of the event on social media.

RESOLVED To note there are no flag flying dates, the Buttercross will be lit purple and the item added to future January agendas.

161.25 ITEMS FOR THE NEXT AGENDA. There was a request to add a finance item to the February agenda to discuss options for looking at alternate bank accounts with a higher interest rate.

162.25 TO APPROVE THE DATE FOR THE ANNUAL MEETING OF THE COUNCIL MAY 6th 2025. A discussion was held to decide if the monthly meeting should also be held on the same date. As it is only two weeks after the April meeting it was decided to hold the ordinary meeting of

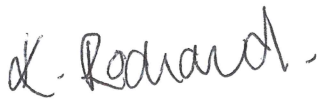

the council on the fourth Tuesday in May as normal.

RESOLVED That the 6th May is approved for the Annual Meeting of the Council
